All,

Given the larger context of current investigations, please be sure to consult with your firms' counsel before sharing any un-redacted emails/documents with the BID. I'm going to work with our lawyer to see what can be done about getting more time to reply to these requests. Stay tuned.

Dear SPBID board members,

We have received the below public records requests for Board Members to complete. Note the first one is due next Thursday, February 9th – apologies for the quick turnaround.

You are allowed to redact sensitive information produced in search results. The “sensitive” information will need to be replaced with innocuous symbols (eg. XXX) in native format. The redacted information must meet at least one of the following criteria:

1. Personal contact information (home address/personal email- if not used to communicate BID related work, etc.),
2. Right to privacy (family members, birthday, etc),
3. Personnel records (W-2, ongoing investigation, medical information, etc.),
4. Preliminary drafts/notes where a decision or act is yet to be determined and attorney client communications.

Note, all emails and their attachments will need to be submitted in native format as required by the CPRA, Section 6253.9(a)(1). Native formats for emails are MBOX, EML, or MSG. When you provide emails in native format their attachments are automatically included in native format.
